Sound Steps

Say it. Build it. Read it.

Read the word. Say its sounds. Write the letter or letters for each sound in one box. Blend and read the word again.

1. pet
2. sun
3. clap
4. frog
5. ship
6. chin

Grown-up: Before reading, ensure the child knows the letter sounds and can blend them to read the words. Introduce any unfamiliar sight words separately. One box holds the spelling for one sound. Use your usual accent.
